OPTIONALS

(For units not incorporating as standard) Fiberglass front window awning ■ Double gas bottles complete with rack and regulator ■ 3-cubic-foot gas refrigerator exchange over icebox ■ Cab-over complete with Polyfoam mattress and vent window ■ Raised roof with fold-up bunk, vent windows, and roof vent ■ Fold-away bunk with Polyfoam mattress and vent window ■ Stool, holding tank, and pressure water system for Boone, Houston, or 10-foot standard truck camper ■ Three-burner gas range with oven over three-burner range ■ Shower and water heater ■ Gas wall heater ■ Brakes (for 13-foot Boone) ■ Six-way connector ■ Customer hookup ■ Jacks for truck camper ■ City water hookup ■ Power hood for range ■ No. 511 Duo-Therm roof-mounted air conditioner (6,000 B.t.u.).

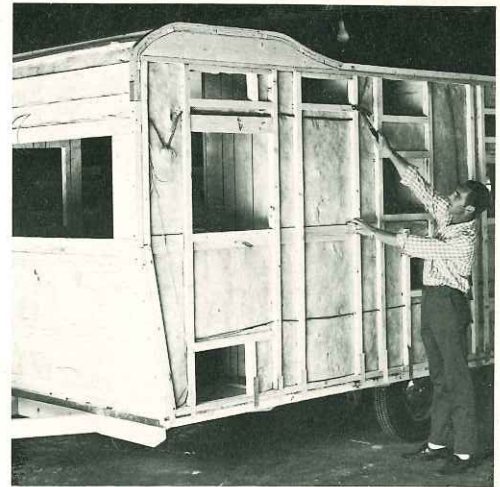

Wire mesh step won't collect water and allow dangerous ice sheet to form in cold weather, folds away for traveling.

Aluminum underbelly fully protects floor area, rests on a rock tubular frame. Wheel wells of preshaped aluminum.

Full 2-inch construction features full fiberglass insulation, color-coded wiring, double floor, studs reinforced with metal ties.

Optional bunk provides additional sleeping or lounging accommodations. Plenty of headroom on couch below, too, when bunk is extended. Upholstery is Scotchgard protected, floors are covered with Congoleum cushioned vinyl, range is complete with hood . . . and all Volunteer units are equipped with 110-v/12-v and gas lighting.

Bunk folds neatly against wall and ceiling when not in use. Appliances available in coppertone, champagne, or turquoise to harmonize with rich, beautifully patterned Early American upholstery. All units have Lumadome ceiling vents.
